

# TWS Open and Close Wire Passer

## Applications:

- Fracture fixation
- Cerclage wiring
- Guiding K-wires around bones or implants

## Key Features:

- **Hollow channel** for smooth wire passage
- **Durable and autoclavable** stainless-steel design
- **Ergonomic and precise** control for minimal invasiveness

TWS 57-9040/2735	TWS Open and Close Wire Passer Guide Wire Hole 4mm in both sides 27cm Long, 35mm Wide Material: Stainless Steel,
TWS 57-9040/2735	TWS Open and Close Wire Passer Guide Wire Hole 4mm in both sides 29cm Long 45 Wide Material: Stainless Steel,
TWS 57-9040/2735	TWS Open and Close Wire Passer Guide Wire Hole 4mm in both sides 36cm Long 60 Wide Material: Stainless Steel,
